REMOTE MEETINGS OF THE NORTH LONDON WASTE AUTHORITY

Everyone is welcome to watch public meetings of the Authority to see decisions being made. Agendas for these meetings are available in advance at: <https://www.nlwa.gov.uk/ourauthority/our-meetings>.

If you are interested in a particular item being considered at a meeting and you wish to speak (called making a deputation), you must make your request in writing to Cheryl Hardman by e-mailing cheryl.hardman@camden.gov.uk or by sending a letter to Cheryl Hardman, Committee Services, Crowndale Centre, 218 Eversholt Street, London, NW1 1BD. If you wish to discuss your deputation request or have any other queries please call 020 7974 1619.

Written deputation requests for the meeting must be received by **9am on Monday 27th July 2020**. The request will be considered in line with NLWA Standing Order A.17 regarding deputations. You can view the standing orders at: <https://www.nlwa.gov.uk/ourauthority/governance>.

If you require special assistance to enable you to address a meeting, please contact the committee clerk using the details on the front of the agenda as soon as possible and they will make arrangements to assist you. Please note that if insufficient notice is provided it may not be possible to help you.

The Authority consists of fourteen councillors, with each of the seven constituent councils (Barnet, Camden, Enfield, Hackney, Haringey, Islington and Waltham Forest) appointing two of their own councillors to serve on the Authority. Officers of the Authority attend the meeting to present reports and give advice but only the councillors make decisions at the meeting.

The Chair of the meeting controls the debate. Those present discuss the business by addressing the Chair; this helps to keep the debate in an orderly manner. The Chair takes each item in turn and when s/he considers there has been sufficient debate, s/he will call for a decision on the item. At this stage, a vote may be taken on the recommendations, which are either found at the front of each report or put forward by Councillors. The reports are usually taken in the order on the agenda. Please note that it is not possible for you to take part in the discussion (unless you are invited to make representations.)

The Local Government (Access to Information) Act allows the Authority to discuss certain items in private. Due to the nature of the business under consideration, there are normally confidential items at every meeting of the Authority. Such items are discussed at the end of the meeting. The live meeting stream will be paused and public speakers will be asked to leave the remote meeting.

Members of the public have a right to take their own recordings of public meetings for reporting purposes. This does not apply to any of the Authority's meetings which are private or not open to the public. Laws on public order offences and defamation still apply, and you should exercise your rights with responsibility. Please respect the views of others when reporting a meeting.

You may be asked to stop filming, photographing or recording a meeting if this in some way becomes disruptive to the meeting.

This meeting will be broadcast live via <https://councilmeetings.camden.gov.uk>.

Remote meeting etiquette

Participants¹ in remote meetings are asked to adhere to the following guidelines:

Preparing for the meeting

- If you are planning to attend, make sure you have informed the committee officer named on the agenda front sheet, so that a full list of those expected at the meeting can be prepared.
- Ensure you have read the report(s) before the meeting.
- Ensure that you are located in an area where you are unlikely to be disturbed.
- Ensure that your broadband connection is sufficiently stable to join the meeting. If your connection has low bandwidth, you might need to ask others using your broadband connection to disconnect their devices from the broadband for the duration of the meeting. If this does not help, you may wish to try connecting your device to your router using an Ethernet cable.
- Ensure that your background is neutral (a blank wall is best) and that you are dressed appropriately for a meeting held in public.
- Ensure that the camera on the device that you are using is positioned to provide a clear, front-on view of your face. This may involve thinking about lighting in the room you are in (for example, sitting in front of a window may plunge your face into shadow) or putting your webcam, laptop or tablet on top of a couple of books so that you can look into the camera face on.
- Ensure that you are familiar with the functions of the software you are using. The committee officer will be online 15 minutes before the meeting start time to give everyone time to join and deal with any technical challenges, so try to join the meeting at least 5 minutes before the meeting start time to make sure that everything is working.
- Ideally, you should use earphones or a headset to participate in meetings as it reduces the risk of feedback from using your device's external speaker and reduces background noise from your surroundings.

At the meeting

- Join the meeting promptly to avoid unnecessary interruptions.
- Mute your microphone when you are not talking. If you are an officer or a depute, please turn off your video when not speaking in order to reduce bandwidth.
- Only speak when invited to do so by the Chair.
- When speaking for the first time, please state your name.
- Keep comments, questions and other contributions brief and to the point.
- If referring to a specific page on the agenda, mention the page number.
- The 'chat' function must only be used by Authority members to indicate a wish to speak, to indicate that they are having a connection issue or to make a request for a formal vote. It is not to be used for conversations and should be used in an appropriate and professional manner at all times.
- Once you no longer need to participate in the meeting, please leave the call; you can still watch via the public video stream if you wish. Once the Chair closes the meeting, all remaining participants should leave the call promptly.

¹ Participants are defined as members of the Authority/Committee; other councillors who seek to address the Authority; officers advising the Authority or presenting reports; any external partners / third-parties invited to address or advise the Authority; and deputees.

Exempt or confidential items

The Authority may need to go into closed session to consider information that is confidential or exempt from publication. If this happens, the Authority will pass a resolution to that effect, the public feed will be cut and any participant who is not a member of the Authority will be asked to leave the meeting. If you are asked to leave the meeting, please end your connection promptly. Any connections that are not ended promptly will be terminated by the committee officer.

WEBCASTING NOTICE

This meeting will be broadcast live via <https://councilmeetings.camden.gov.uk>. The whole of the meeting will be filmed and recorded, except where there are confidential or exempt items, and the footage will be on the Internet for at least 6 months. A copy of it will also be retained in accordance with Camden Council's and the NLWA's data retention policies.

If you make a representation to the meeting you will be deemed by the Authority to have consented to being filmed and to the possible use of those images and sound recordings for webcasting and/or training purposes.

The Authority is obliged by law to allow members of the public to take their own recordings and images of this remote meeting. The Authority will only seek to prevent this should it be undertaken in a disruptive or otherwise inappropriate manner.

The privacy notice that explains Camden Council's use of webcasting data can be seen at: <https://camden.public-i.tv>. The NLWA's privacy notice can be accessed by contacting the Authority.

If you have any queries regarding webcasting or the recording of meetings by the public, please contact the committee clerk.

(Pages 53 -

Report of the Programme Director

This report seeks delegated authority for the Programme Director to award and manage the EcoPark South Construction (EPSC) contract, following the submission of tenders and their evaluation by the project.

The EPSC contract is for the design and build of the new Resource Recovery Facility (RRF), EcoPark House and services/utilities associated with the site area. The RRF provides a public recycling facility and a facility to receive bulky and other waste for the extraction of recyclable material. It will support the provision of the most sustainable and effective solution for managing North London's non-recyclable waste in the future. EcoPark House is a visitor centre which will be used to provide community / education space and back up office space.

The procurement of the EPSC works has followed the Competitive Procedure with Negotiation (CPN) procedure to arrive at a clear recommendation to award the contract on the basis of the most economically advantageous tender.

The EPSC contract is an NEC4 ECC form of contract with a target cost mechanism.

The award of the EPSC contract and construction of the RRF enables the migration of waste management operations from the north of the EcoPark and the construction footprint of the Energy Recovery Facility to be accessed. Therefore, this award is critical to the success of the North London Heat and Power Project.

14. ANY OTHER ITEMS THE CHAIR DECIDES TO TAKE AS URGENT

15. LOCAL GOVERNMENT ACT 1972 - ACCESS TO INFORMATION

It is drawn to the attention of members of the public and press that the reports relating to the items listed below are considered to be exempt within the meaning of Schedule 12A to the Local Government Act 1972, as amended. The Programme Committee will be asked to pass a resolution, the effect of which is to exclude members of the public and press from the remaining part of the proceedings.

Information contained in the agenda items below is exempt because it falls within: Categories 3 and 5 of Schedule 12A Local Government Act 1972 (as amended). The Proper Officer has considered all the circumstances of the reports and is of the view that on balance the public interest in maintaining the exemption outweighs the public interest in disclosing the information.

Proposed resolution:-

“THAT the press and public be excluded from the proceedings of the Programme Committee on **29 July 2020** during consideration of the following items on Part II of the agenda, on the basis that, were members of the public to be present, there would be disclosure of exempt information as defined in Schedule 12A to the Local Government Act 1972, as amended.

Specifically:

Exempt Information Category 3 – Information relating to the financial or business affairs of any particular person, including the authority holding that information, and not required to be registered under various statutes: the reasons why the public interest favours withholding the information are that the release of such information would prejudice the Authority’s conduct of a commercial operation OR because the disclosure of the information is likely to prejudice the commercial interests of the Authority and organisations engaged in commercial activities as the information related to commercial activities that are conducted in a competitive environment.

Exempt Information Category 5 - Information in respect of which there is a claim to legal professional privilege: the reasons why the public interest favours withholding the information are that the release of such information could prejudice the safeguarding of openness in all communications between client and lawyer and the Committee’s ability to ensure access to full and frank legal advice.

- 18. MEASURES FOR RELEASE OF SPACE IN THE ECOPARK FOR CONSTRUCTION OF THE ENERGY RECOVERY FACILITY** (Pages 151 - 164)
- Report of the Managing Director
- This report sets out a proposal to divert waste streams away from the EcoPark, to vacate space in the north of the EcoPark. This will allow ground clearance to be carried out in a timely manner for construction of the energy recovery facility. This would involve leasing an existing waste facility. This would bring benefits to ongoing operations as well as to the project.
- 19. ECOPARK SOUTH CONSTRUCTION WORKS TENDER ASSESSMENT RESULTS** (Pages 165 - 174)
- Report of the Programme Director
