Dear Cheryl,

I'm writing to request a deputation slot at the NLWA meeting on Thursday 23rd June. My deputation would be as a representative of the London, Eastern and South East TUC Environmental Sustainability and Just Transition Network.

I wish to raise issues of jobs and employment in relation to the Edmonton waste incinerator/Edmonton Eco Park. In particular, the assertion that this contributes to the creation of so called 'green jobs'. Rather than creating work through energy from waste, falsely ascribed as 'renewable' energy, there would be many jobs that could be created in energy conservation, and a real circular economy, contributing to meeting the demands of a climate emergency.

The ESJTN has previously made a deputation to the NWLA and we hope to present again, particularly to new NWLA representatives, arguments around jobs and the incinerator, as well as to highlight any new points arising since then for continuing representatives.

I look forward to your confirmation of details this deputation at the meeting.

Best wishes,
Sam Mason
Representative of LESE TUC ESJTN
Resident Waltham Forest [REDACTED]
