

Charter of Commitment

PROUD TO BE A
LOW
PLASTIC ZONE

I,
am committed to reducing my impact on the environment
and as part of this commitment I am already doing or pledge
to be doing the following (please tick all that apply):

@wiseuptowaste wiseuptowaste @wiseuptowaste wiseuptowaste.org.uk

Charter of Commitment

- 1 Ask my customers before I offer them a plastic bag and encourage them to bring their own bags.
- 2 Sign up to the Refill London scheme and offer free water refills to my customers.
- 3 Encourage my customers to bring their own cups and/or avoid offering disposable ones.
- 4 Ask my customers if they need a straw or stirrer before offering one.
- 5 Provide washable cutlery rather than disposable.
- 6 Offer items such as milk, sugar, butter, jam and condiments in larger (ideally refillable) containers or dispensers rather than individual single use portion packs
- 7 Avoid selling goods in single use packaging.
- 8 Sell loose fruit and vegetables when possible rather than pre-packed

I also commit to be taking further action by recycling all recyclable plastics that cannot be reused or reduced.
